

Resolution

Mobile County Commission

Mobile, Alabama

- WHEREAS: In November, 1986, the Ninety-ninth Congress enacted Public Law 99-499, Superfund Amendments and Reauthorization Act of 1986. Title III of that Act ("Emergency Planning and Community Right-to-know") mandates several actions on local and state governments as well as industries and other facilities that use, process, or store one or more of 406 extremely dangerous chemicals, AND
- WHEREAS: The Act is aimed at improving the local response to protect our citizens, which involves all emergency response agencies (fire, law enforcement, emergency medical services, etc.) and stipulates procedures for emergency planning in states and localities and also builds a framework for community awareness concerning potential chemical hazards and outlines requirements for submission of material safety data sheets, chemical inventory forms, and toxic release forms, AND
- WHEREAS: The local governing body is required to formally designate an office in government that will serve as the focal point for receiving notifications from facilities that are subject to the law, and also act as the depository for chemical lists, a point of contact for the public regarding community right-to-know inquiries, and the office of record for minutes of the Local Emergency Planning Committee and related committee actions, NOW THEREFORE BE IT
- RESOLVED: That the Mobile County Commission does hereby designate and empower the "Mobile County Emergency Management Agency" as the "Office in Government" to act for the Mobile County Emergency Planning District.
